

## What is the Gen Con Games Library?

We are a gamer-owned library of more than 3,200 tabletop games!

We transport two trailers to conventions across the United States. The main library has more than 2,000 unique titles, and the “light” library has over 1,200. Currently, we serve conventions in Michigan, Wisconsin, Ohio, Indiana, Illinois, and Colorado! We also maintain a presence at the University of Dayton.

Our library will travel to any event, anywhere! Our prices are simply transportation, hotel, and food, with a small flat fee for the library, and a per-game rental for game upkeep. Every dollar supports the library, our operation, and the local charities designated by each convention.

The Gen Con Games Library is also known as “Lending Library Logistics, LLC” or “L3, LLC.” Whatever you call us, you’re calling OUR GAMERS to support YOUR GAMERS!
